INTUITIVE COLOUR DISPLAY

The 2.4-inch color display is enriched with touch icons, facilitating effortless navigation through its collection of coffee beverages and streamlines the process of locating your preferred coffee selection or crafting your personalised recipes.

SEALED BEAN CONTAINER

Engineered sealed bean container not only serves as a protective barrier for coffee beans but also meticulously preserves their original aromatic profile over time, guaranteeing an enduringly delightful coffee experience.

WIDE BEVERAGE SELECTION

Enjoy an extensive range of up to 15 crafted beverages, from Espresso, Coffee, Americano, Cappuccino, Latte, Macchiato, Flat White, Hot Water, Travel Mug, Lungo, Ristretto, Long Coffee, Double Espresso, Double Long Coffee and Milk Foam.

PRECISION GRINDING

Choose from 9 distinct grind settings to cater to your specific bean variety or personal taste. The incorporation of a conical steel burr with meticulous powder control ensures a consistently uniform grind, extracting the best flavors from your beans.

HYGIENIC MILK CARAFE

Featuring an innovative tube-less design, it embodies both ease of maintenance and uncompromised hygiene standards. Each part of the milk carafe can be dismantled for effortless cleaning by hand or dishwasher. The entire milk carafe can be easily detached and stored in the refrigerator when not in use, preserving your milk's freshness and convenience in every cup.

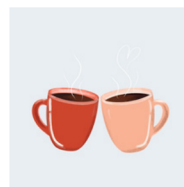

ROBUST BREWING PRECISION

The robust brewing unit executes precise tamping and maintains an optimal water flow rate, consistently delivering superior espresso extractions, cup after cup.

MY COFFEE CHOICE

Personalised coffee experience with its 'My Coffee' function, accommodating up to 4 unique user profiles. This feature empowers member of the household to tailor their coffee preferences and save them for instant recreation.

RAPID HEATING PROFICIENCY

Achieves swift hot water and steam generation, thanks to its cutting-edge thermoblock technology with an impressive total heating power of 1400W - ensures a comforting warmth for both your heart and soul with every sip.

AESTHETIC COMPACTNESS

The sleek profile exemplifies an aesthetically pleasing, streamlined design. Available in both classic black and pristine white, it seamlessly integrates into any kitchen environment, adding a touch of sophistication to your space.

CRAFTED MILK FROTHING

The optimised milk system expertly blends steam, milk, and air in precise proportions, crafting velvety milk foam at an ideal temperature to elevate your coffee experience to new heights of indulgence.
